PRESS RELEASE

The Southern District of Ohio is one of the few federal court districts in the United States requiring the members of its bar to successfully complete a bar examination before being authorized to practice before the court. Local Rule 83.3 sets aside the first Tuesday in June and December for this examination. The judges of this district, as well as the members of the Federal Bar Association, believe this requirement enhances the knowledge, skills and professionalism of lawyers representing clients before the federal court.

The United States District Court for the Southern District of Ohio is proud to announce that the following individuals have successfully passed the December offering of the Federal Bar Exam:

Columbus
