

HARDWARE AND SOFTWARE REQUIREMENTS

Users should have a working knowledge of the hardware and software needed to electronically file, view and retrieve case documents, which includes the following:

- A personal computer with internet access;
- A web browser, Internet Explorer (version 8.0 or 9.0), Safari, or Firefox;
- A scanner to convert documents that are not in your word processing system;
- A pdf reader and a pdf writer to convert word processing documents into pdf format, the only electronic format in which documents can be filed;
- An email account to access notifications from the Court and notices from the filing system; and
- A printer or copier to create required paper copies, such as chamber copies.
